## LIQUID FERTILIZER

**N - P<sub>2</sub>O<sub>5</sub> - K<sub>2</sub>O - CaO**  
with other trace elements.

- ◆ Full period use.
- ◆ Enhances respiration.
- ◆ Less prone to flower and fruit drop.

**N - K<sub>2</sub>O - CaO**  
with other trace elements.

- ◆ Rooting, leaves not turn to yellow.
- ◆ Protect new buds.
- ◆ Water retention.

**N - P<sub>2</sub>O<sub>5</sub> - K<sub>2</sub>O - CaO**  
with other trace elements.

- ◆ Boost side budding.
- ◆ Improves flower set.
- ◆ Essential for higher yield.

**N - P<sub>2</sub>O<sub>5</sub> - K<sub>2</sub>O**  
with other trace elements.

- ◆ High phosphorus, magnesium, double effect.
- ◆ Vine and flower of fruit tree showed more vertical growth.
- ◆ Less prone to flower drop.

**N - P<sub>2</sub>O<sub>5</sub> - K<sub>2</sub>O - CaO**  
with other trace elements.

- ◆ High Nitrogen.
- ◆ Higher yields of vegetables and fruits.
- ◆ Young fruit enlargement without cracking.

**multiple trace elements.**

- ◆ Stalk, peel, navel overall coloring.
- ◆ Peel shiny and smooth, aging gently.
- ◆ Enhance the sweetness gently.

**N - P<sub>2</sub>O<sub>5</sub> - K<sub>2</sub>O**  
with other trace elements.

- ◆ High phosphorus, potassium.
- ◆ Enhanced reflux.
- ◆ Rapid sweetening.

**N - P<sub>2</sub>O<sub>5</sub> - K<sub>2</sub>O - CaO**  
with other trace elements.

- ◆ More flowering, flower showed more vertical growth.
- ◆ Colorful flowers.
- ◆ Long-lasting flowering period.

**N - P<sub>2</sub>O<sub>5</sub> - K<sub>2</sub>O - CaO**  
with other trace elements.

- ◆ Full period use.
- ◆ Water retention in high temperature.
- ◆ Improves tolerance.

**N - CaO-Si**  
with other trace elements.

- ◆ High silicon and high calcium.
- ◆ Rice ear weight gain and less empty grains.
- ◆ Not easy to collapse.
- ◆ Can be used with pesticides.

**CULTIVATE THE FUTURE**

**CO-CREATE ABUNDANT HARVESTS**

**HIGH YIELD / HIGH QUALITY**

**STRESS TOLERANCE FAST-ACTING**

**APPLICABLE WITH AGRICULTURAL DRONES.**

**IT CAN BE APPLIED IN CONJUNCTION WITH PESTICIDES.**

**THE PRODUCT HAS UNDERGONE HIGH AND LOW-TEMPERATURE STORAGE TESTS, ENSURING ITS SUITABILITY FOR VARIOUS CLIMATES WORLDWIDE.**

## HYDROPONIC NUTRIENTS

### GREENHOUSE & OUTDOOR

### HOME GARDENING

**Composition: Multi-Nutrients.**  
**Application: For Leafy Vegetables.**

## HORTICULTURE NUTRIENTS

### Root Growth and Leaf Germination

**Composition: Multi-Nutrients.**  
**Application: For all horticulture plants.**

- Stimulates Root Cell Growth.
- Promote New Leaf Germination.
- Thicken the Stem.

**ROOT  
ENERGY**

### Leaf Growth and Lasting

**Composition: Multi-Nutrients.**  
**Application: For all foliage plants.**

- Vigorous Foliage Growth.
- Lasting Green Leaves.
- Thicken the Stem.

**FOLIAGE PLANTS  
ENERGY**

### Flower Blooming and Increase Color

**Composition: Multi-Nutrients.**  
**Application: For all flowering plants.**

- Extend the Flowering Season.
- Increase the Numbers of Flower Buds.
- Promotes more Blooms and Increase Color.

**FLOWER  
ENERGY**
