

# PERNATON® Gel

**Cooling Sensation !**

PERNATON® Gel contains high-quality glycosaminoglycans (GAG) and purest original Perna extract (green-lipped mussel extract) as well as valuable, physiologically active essential oils. The gel has a pleasant cooling effect immediately upon application. It relaxes the muscles, tendons and joints. PERNATON® Gel is suitable for daily use.

## Who stands to benefit from PERNATON® Gel?

- Helps to maintain joint mobility (e.g. at an advanced age)
- People with joint irritation.
- People whose joints are exposed to strong mechanical stress (e.g. due to being overweight, heavy labour)

## Recommended application

- Massage PERNATON® Gel several times a day into the desired skin areas such as neck, shoulders, back, elbows, arms, knees, legs and feet.

## Advantages

## Ingredients

- Original Perna extract (green-lipped mussel extract), glycosaminoglycans and physiologically active essential oils.

Made in Switzerland 

Ingredients	Effect on the body
Original Perna extract	Has an anabolic effect on the skin, revitalizes the body
Glycosaminoglycans	Improve elasticity, resilience and firmness of the skin, create a pleasant feeling of softness and suppleness
Essential oils such as eucalyptus oil, rosemary oil, citrus oil, menthol	Influence the organism by e.g. stimulating blood circulation

※PERNATON® Gel is available in 125 ml and 250 ml tubes or 1000 ml dispenser.

# PERNATON® Gel forte

**Warming Heat Sensation !**

PERNATON® Gel forte contains high-quality original Perna extract (green-lipped mussel extract), cayenne pepper extract, glycosaminoglycans (GAG), chondroitin and valuable, physiologically active essential oils. The gel creates an intensive, lasting and pleasantly warm feeling that also increases circulation in the skin.

## Who stands to benefit from PERNATON® Gel forte?

- People whose joints are already badly worn due to excessive stress
- Warming up prior to sport or relief after strenuous sport

## Recommended application

- Massage PERNATON® Gel forte several times a day into the desired skin areas such as neck, shoulders, back, elbows, arms, knees, legs and feet.

## Advantages

## Ingredients

- Original Perna extract (green-lipped mussel extract), cayenne pepper extract, glycosaminoglycans (GAG), chondroitin and physiologically active essential oils

Made in Switzerland 

Ingredients	Effect on the body
Original Perna extract	Regenerative effect on the skin, revitalizes the body
Cayenne pepper extract	Activates the pain and warmth receptors of the skin, thus stimulating increased blood flow
Glycosaminoglycans (GAG)	Improve elasticity, resilience and firmness of the skin, create a pleasant feeling of softness and suppleness
Chondroitin	May help to maintain joint mobility and is a natural component of the cartilage
Essential oils such as eucalyptus oil, rosemary oil, citrus oil, menthol	Influence the organism, e.g. by stimulating blood circulation

※PERNATON® Gel forte is available in a 125ml tube.
